Cross-section inspection: four holes in the whole sections; local cut order differs
(a) z = 0.626429
(b) z = 0.648929
(c) z = 0.716429
(d) Same-plane cut detail
(e) Same-plane cut detail
(f) Same-plane cut detail
Newton field for A/C
A: cut then deform
B: spatial cut
C: transported tool
x
y
